Have your say on parking and one-way streets in Arran-Elderslie

Bruce County, Ontario: Bruce County and the Municipality of Arran-Elderslie are inviting residents, businesses and visitors to share their feedback on parking and transportation in Chesley, Paisley and Tara.

Triton Engineering Services Limited has been retained by Bruce County and the Municipality of Arran-Elderslie to complete two studies and gather input from the community.

The Municipal Parking Study will review current parking needs in the downtown areas of Chesley, Paisley and Tara, and identify potential future improvements. The survey asks for feedback on parking availability, accessibility, business needs, enforcement, traffic circulation and seasonal maintenance.

In Paisley, a One-Way Street Feasibility Study is also underway for Rowe Street and Mill Drive to look at whether the streets could be converted to one-way operation. The study will consider traffic volumes, flow, access, safety, parking, loading, and the needs of emergency and service vehicles.

Public feedback will help Bruce County and Arran-Elderslie better understand local needs and identify potential improvements.

The deadline to complete the surveys is December 1, 2026. The surveys are available online at arran-elderslie.ca/parking or paper copies can be picked up at the Arran-Elderslie Municipal Office.
