

# Welcome to the Millbrook Valley Trails

Take **only** photographs,  
leave **only** footprints

The Millbrook Valley Trails are situated in the village of Millbrook in the Township of Cavan Monaghan.

The Millbrook Valley Trails network includes over 12km of trails, most of which follow the shoreline of Baxter Creek, a cold-water stream that originates on the Oak Ridges Moraine. Baxter Creek is a tributary of the Otonabee River and provides habitat for a variety of species. The trails wind through valleys, forests, wetlands, and meadows providing scenic views and a connection to the Ganaraska Forest.

- The Millbrook Valley Trails are for walking and cycling only. Motorized vehicles and horseback riding are not permitted.
- Bicycles are not permitted on Medds Mountain Trail.
- Bicycles are only permitted on Baxter Creek Trail south of the fairgrounds entrance; the Ganny Transit and Station Trails.
- Please obey all trail signs.
- Stay on the trails. Do not trespass on private property.
- Dogs on a leash are welcome but please clean up after your pet.
- Don't litter on the trails. Please use trash bins located at all trail heads.
- There is no winter maintenance on the Millbrook Valley Trails.

## **Baxter Creek Trail 2.8km**

The trail begins beside the Millbrook millpond close to historic Needlers Mill. It follows the pond and Baxter creek through magnificent cedar forests, crosses a floating boardwalk over a wetland and through meadows.

## **Medds Mountain Trail 0.6km**

The trail begins from Medds Mountain park and follows the shores of the millpond and Baxter Creek before looping through the surrounding old-growth deciduous forest.

## **Fairgrounds Trail 0.4km**

The trail begins behind the Millbrook Fairgrounds off of Main Street and connects to Baxter Creek Trail.

## **Grand Trunk Pathway 0.3km**

The trail begins at the MNR Provincial Fishing and Recreation Area parking lot, south of the Zion (4th) Line. The trail is accessed between the two fishing ponds and features a view of the historic railway bridge over Baxter Creek built circa 1865.

## **Cedar Trail 0.7km**

The trail begins the MNR Provincial Fishing and Recreation Area parking lot and provides a connection to the old Grand Trunk Railway line via bridges and boardwalks.

## **Meadow Trail 0.8km**

The trail begins on the Grand Trunk Pathway across from the end of Cedar Trail and travels through meadows of spruce and red pine

## **Station Trail 1.5km**

The trail can be accessed via the entrances on King St West and County Road 10 and follows the part of the rail bed of the long forgotten Grand Trunk Railway (GTR).

## **Deyell Detour 2.4km**

The trail begins at the end of Elgar Drive. The mostly flat trail follows an old road allowance traversing through scenic farmland and the Oak Ridges Moraine.

## **Ganny Transit 2.7km**

This trail crosses two waterways and follows beautiful rolling forested hills and connects to the over 11,000 acres of the Ganaraska forest. Users are reminded that a paid pass is required to access the Ganaraska Forest.
