1. Students will prepare and perform up to two contrasting musical selections on an instrument of their choice. You may use sheet music in your performance. We may have you perform one or both pieces.
2. Students with limited or no instrumental music experience do not have to perform. They will be assessed based on a rhythm test and on their interview.
3. There will be a short interview with 3-4 questions. Students may complete the interview before or after their performance.

Please note that in the Instrumental Music program, students may learn brass, woodwind, bass guitar, ukulele, and percussion instruments. Acoustic guitar will also be added as you progress through the program. Interested students are free to audition on any instrument they wish (such as piano). Prior experience on a musical instrument is not mandatory to apply. If a student has minimal or no instrumental experience, they will be considered based on their interview and rhythm test. Students may be asked to abbreviate or stop playing early to facilitate time constraints.
