

STUDENTS

Fundraising

- 1.0 The Board recognizes the need for fundraising projects at the school level. The Board approves of efforts by students to raise money for specified purposes approved by the Principal. Where a School Community Council or any other parent group, Student Council or any other student group has a major involvement in the fundraising project, both the Principal and the fundraising group involved shall approve the project.
- 1.1 All fundraising projects shall be consistent with the school plan and the Board's mission statement, statement of values and the system plan. The plans for the fundraising project shall contain measures that endeavour to protect the safety of students, take into account the impact on public relations in the school community and communicate that the project is voluntary for all participants.
