

Architectural, Engineering & Real Estate Fees

- 1.0 The Director or designate, in retaining an architect, engineer or real estate agent or appraiser under the authority granted by the Architectural, Engineering & Real Estate Fees Policy, will not incur any financial obligation beyond the cost for the assigned investigation or commit the Board to any future commission in respect to the project.
- 1.1 The Director is authorized to expend funds to obtain information concerning:
- proposed site purchases
 - electrical, mechanical, structural and safety information in respect to proposed maintenance projects
 - property appraisals
 - soil tests
 - environmental surveys
 - boundary surveys and topographical surveys
 - proposed additions and renovations to existing buildings involving special circumstances.
