

NEW CONSTRUCTION

Additions To K-6 Schools as Regards Special Rooms

- 1.0 Consideration shall be given to possible future needs for special rooms to serve a K-8 curriculum, when designing additions for K-6 Schools.
- 1.1 In particular, the need is to provide space for a future science, art, and music facility. This provision can be accomplished by providing classrooms of 1000 sq. ft. in the design, with water and plumbing mains sized for future additional fixtures.
