

RSV Older Adult Program Update

Respiratory Syncytial Virus (RSV) can cause serious illness in older adults, particularly those with underlying medical conditions. Vaccinating eligible adults helps protect against severe RSV-related outcomes, including hospitalization. [Abrysvo](#)® and [Arexvy](#)® RSV vaccines are available to order year-round for the following eligible adults:

- All individuals 75 years of age and older
- Individuals aged 60-74 who are also:
 - Residents of elder care lodges, long-term care and retirement homes, and similar settings
 - **UPDATED:** Recipients of a hematopoietic stem cell transplant within the past two years or with ongoing immunosuppression
 - **NEW:** On home oxygen or requiring chronic oxygen therapy, regardless of residence
 - Patients in hospital receiving alternate level of care (ALC) including similar settings
 - Patients with glomerulonephritis who are moderately to severely immunocompromised
 - Receiving hemodialysis, peritoneal dialysis, or recipients of solid organ transplants
 - Individuals experiencing homelessness
 - Individuals who identify as First Nations, Inuit or Métis

If an individual has previously received an RSV vaccine, they do not need another dose this season. **Booster doses are not currently recommended** as there is multi-year protection.

Important - Abrysvo® Shelf-Life Extension

Pfizer Canada has **extended the shelf life** for specific Abrysvo® lots in accordance with [Health Canada guidelines](#). **Some cartons may have been relabelled with updated expiry dates and lot numbers, while the vial and prefilled syringe inside may display the original expiry date.** For relabelled products, the expiry date on the carton reflects the extended shelf life. Refer to the attached [Pfizer Canada letter](#) for affected lot numbers and extended expiry dates.

Ordering & New Physician Billing Code

Place orders using the [Seasonal Respiratory Vaccine Order Form](#) (durham.ca/hcp > Forms > Order).

New for the 2026-27 season: Use fee code **G849** for publicly funded RSV immunization products.

For further information, **including eligibility and Health Care Provider Fact Sheets**, visit durham.ca/hcp (Respiratory illnesses > Respiratory Syncytial Virus (RSV) > Resources).

Shelf-Life Extensions for ABRYSV0 (RSV Stabilized Prefusion F Subunit Vaccine)

Dear Healthcare Professional,

Pfizer Canada has implemented shelf-life extensions for ABRYSV0® (DIN: 02544040) in accordance with Health Canada guidelines.

To help avoid wastage, some cartons that were in our inventory have been relabelled with updated expiry dates and lot numbers, while the vial and prefilled syringe inside may still display the original expiry date as the components are manufactured at different times. For lots that have not been relabelled and are currently in your inventory, the product may still be used according to the new extended shelf life. **Please use the table below to verify the expiry date based on the lot number.** The expiry date is presented in alphanumerical format (YYYY-MM), where MM represents the **last day of the month**.

ABRYSV0® – Shelf-Life Extension Summary			
120 mcg Powder Sterile Freeze-Dried 1 × 0.5 mL Glass Vial + Syringe			
Original Lot Number	Relabelled Lots	Original Expiry Date	New Extended Shelf Life
LM8159	LM8159A, LM8159B	2026-MA	2027-MA
LM8160,	LM8160A, LM8160B, LM8160C	2026-JN	2027-JN
LM8161	LM8161A	2026-MA	2027-MA
LP5417	P5417A, LP5417B	2026-JN	2027-JN
MK3136	MK3136A	2027-JN	2028-JN

Report health or safety concerns

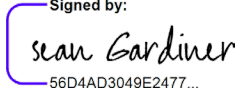

Adverse drug reactions associated with the use of ABRYSV0 should be reported to Pfizer Canada ULC by calling 1-866-723-7111, online at [Pfizer's Adverse Event Reporting Portal \(pfizersafetyreporting.com\)](https://pfizersafetyreporting.com) or to Health Canada at <https://www.canada.ca/en/health-canada/services/drugs-health-products/medeffect-canada/adverse-reaction-reporting.html> or by calling toll-free at 1-866-234-2345.

For **Medical Inquiries**, please contact Medical Information at 1-800-463-6001 or you can also access Medical Information via www.pfizermedinfo.ca. For General Inquiries: Please contact our Customer Service Group at 1-800-387-4974.

Please verify the expiry date before dispensing. The Product Monograph is available on Pfizer.ca.

Sincerely,

Signed by:
