

Discover the Future of Learning at Aldershot!

You're Invited: I-STEM & Grade 6-8 Family Information Night

Aldershot School welcomes all families and community members to an in-person information night showcasing the **breadth of high school programming** available to our future students.

Whether your child is passionate about **STEM**, the **arts**, or exploring a wide range of interests, come see how Aldershot prepares students for success beyond graduation!

- **When:** Thursday, October 29
- **Time:** 6:30 PM - 8:30 PM
- **Who:** Families of Grade 6-8 Students & Community Members
- **Where:** Aldershot School (50 Fairwood Place West)

6:30 PM	Auditorium Presentation	"What to Expect in High School" - We'll provide a comprehensive overview of pathways, including Advanced Placement (AP) Program and our specialized I-STEM Program .
7:00 PM	Interactive School Showcase	Walk the halls and participate in engaging, hands-on activities led by our staff and current students. This is your chance to meet teachers and interact with high school students across all departments.
