Transportation Manager

RELEVANT EXPERIENCE
I have spent my entire life in Lacombe County, and together with my wife Michelle, we've been blessed to raise our family in the heart of this community – continuing a legacy that spans four generations.

With over fifteen years of leadership experience in the oil and gas industry, I've worked across Lacombe County, Western Canada, and internationally. I currently work with a local agricultural commodity trader. My experience in these industries has taught me the value of hard work while remaining calm under high pressure situations. I am actively involved in our community through volunteer work and church leadership.

REASON FOR RUNNING
I am seeking election as County Councillor to serve our community with responsible, transparent, and principled leadership.

My priorities include:
- Supporting **sustainable development** that respects our land and resources.
- Promoting **fiscal responsibility** to ensure every tax dollar is spent wisely.
- Enhancing **public safety** by supporting initiatives to combat rural crime.
- Ensuring Lacombe County remains a safe, prosperous place to raise a family and do business.

My first term goals will be:
- To use my knowledge of the agricultural and oil & gas industries to promote a strong relationship between the two so that both will be accountable yet prosper in our county.
- To advocate for the individual freedoms and property rights of all county residents

I am committed to working hard on behalf of all residents and landowners, and I believe my experience and dedication will be a valuable asset to County Council. Together, we can build a strong future for Lacombe County.
