REASON FOR RUNNING

It has been a pleasure to serve the citizens of Lacombe County, and I hope to continue that service as I seek re-election for another term as Division 7 Councillor. I care deeply about Lacombe County and its residents, and I have dedicated my energy to helping ensure our County remains a great place to live and thrive. I work hard to respond quickly to your concerns and to collaborate with administration to find solutions.

With my years of municipal government experience and the relationships I have built, I will continue to engage with citizens, administration, and other levels of government to ensure that “Success Grows Here” in Lacombe County.

Balancing the needs of agriculture, business growth, and population sustainability is a challenge I approach with an open mind, always working toward practical solutions. One of my top priorities is advocating for the wise management and regulation of freshwater use. Agriculture and residential water needs must remain a priority in Alberta.

Maintaining strong infrastructure while managing fiscally responsible budgets will continue to be both a challenge and a priority—one that I am committed to facing head-on, as I always have.

Thank you in advance for your support.
