Municipal and School Board Election Biography

The Municipality is sharing the following biography exactly as submitted by each Candidate. We have not edited or revised grammar, spelling, punctuation, or verified any content.

Candidate Name: Corey Robertson

Office Seeking: Councillor

I am a longtime Leamington resident, business leader and community volunteer who believes strongly in giving back to the community I call home.

Professionally, I am a Director of Sales with Security ONE Alarm Systems, where I am responsible for leading teams, developing people, setting strategy and delivering results. My career has provided me with extensive experience in leadership, budgeting, strategic planning, problem-solving and accountability. I work with individuals, businesses and organizations across Essex County, and understand the importance of listening to different perspectives, making informed decisions and following through on commitments.

Community service and leadership have been important parts of my life. I served two consecutive terms as President of the Leamington District Chamber of Commerce, working with local businesses, community organizations and municipal leaders to support our local economy. I have also served on the Erie Shores Health Foundation Marketing Committee.

The arts have provided another opportunity for me to contribute. I am a Past President of The Bank Theatre and have held leadership roles with the Western Ontario Drama League and Essex Vocal Express. These organizations have reinforced for me the importance of volunteerism, collaboration and the role that arts, culture and community organizations play in making Leamington a vibrant place to live.

I have also volunteered with numerous community initiatives, moderated municipal, provincial and federal election debates, and served as an emcee for community and charitable events. I have been honoured with the Mayor's Recognition Award for Community Inspiration, the Leamington District Chamber of Commerce Positive Professional Award, and the Queen Elizabeth II Platinum Jubilee Award for Community Involvement.

I previously ran for Leamington Council in 2022. While I was not elected, I continued to serve and remain actively involved in the community over the following four years. That experience, combined with the leadership roles I have held since, has strengthened my understanding of our community and the opportunities and challenges facing Leamington.

I believe my experience leading teams, working with businesses and community organizations, developing strategy and being accountable for results will be valuable on Municipal Council.

My areas of focus include responsible municipal spending and long-term planning, supporting economic development and local businesses, maintaining effective municipal

services and infrastructure, managing growth thoughtfully, and ensuring residents have opportunities to be heard as decisions are made.

Leamington is a growing and diverse community. I believe strong municipal leadership requires balancing that growth with fiscal responsibility, quality of life and the community character that makes Leamington a great place to live, work and invest.
