I was born in Santiago, Chile, and lived there until 1982, when I arrived in Canada as a political refugee. I am officially recognized by the Chilean Government as a victim of torture. Overcoming these deep hardships shaped my lifetime devotion to human rights, fairness, and equity.

For over fifteen years, I have been deeply in love with Leamington, this beautiful city. It is where I live alongside my wonderful spouse and my youngest daughter. Leamington is the community I am completely dedicated to representing and protecting.

As a community advocate and a licensed paralegal with the Law Society of Ontario, my strong sense of social justice has led me to always provide a significant portion of my services for free to community members who cannot afford legal fees.

My over 40 years of proven experience representing everyday people in courts and tribunals has given me the precise legal education, sharp skills, and structural abilities necessary to make Leamington a truly dynamic, well-governed city.

I keep in touch with our community and relate deeply to people of all backgrounds and social strata.

I understand your needs, your dreams, and your goals because providing direct service to others has always been the central priority of my life.

If elected, I will work tirelessly to ensure our local government keeps closely in touch with our community. I will stand up for both our residents and our local business sector, making sure that everybody is treated with respect, fairness, and absolute transparency.

Accountability, transparency, responsibility, consultation, and service are the tenets and principles that provide a strong foundation for my campaign.

I believe our local municipality must, above all else, exist to serve the everyday people and businesses of Leamington with absolute transparency, deep diligence, and strict accountability.

With your help and participation, we can fully realize the potential of our municipality and build a city that makes us all proud.
