Municipal and School Board Election Biography

The Municipality is sharing the following biography exactly as submitted by each Candidate. We have not edited or revised grammar, spelling, punctuation, or verified any content.

Candidate Name: Anthony Abraham

Office Seeking: Councillor

Anthony Abraham – Your Candidate for Leamington Council

My name is Anthony Abraham, and I am running for re-election to Leamington Town Council.

Born and raised right here in Leamington by a hard-working Lebanese immigrant family, I am deeply proud to be part of this vibrant community. For the past 14 years, I have served as a Registered Practical Nurse—a career that has taught me how to handle high-pressure situations, embrace new ideas, navigate difficult conversations, and lead with empathy. When I am not in my scrubs, you can usually find me teaching First Aid and CPR to local businesses across our region.

Becoming a father has made the importance of local governance even more personal. I want to build a safe, sustainable, and prosperous Leamington—a community where our children can grow up, thrive, and be proud to call home. I want to ensure there will be a prosperous economic opportunity for them while investing in amenities for a livable municipality.

If re-elected, I will continue focusing on the priorities that matter most to our municipality:

- **Supporting Small Business:** Eliminating unnecessary red tape and bureaucracy so our local business community can grow and succeed.
- **Investing in Public Safety:** Strongly advocating for essential investments in emergency services, including fire rescue and policing.
- **Open & Transparent Leadership:** Ensuring community partners, stakeholders, and residents have a direct voice at Town Hall so their needs are genuinely met.

I believe in transparent communication, asking the hard questions, and challenging the status quo. I am never afraid to stand up for what I believe in, even if it means standing alone. While I am just one voice on Council, together we can shape a bright future for generations to come
