Other (please specify)

- Rural internet bandwidth as we have had to go to online ordering. (2)
- Insurance costs.
- Shifting to new products or services.
- Supply chains are so far behind we have clients who are placing orders but there are no conveyances to get the goods to our clients, this applies to both the Far East and Europe.

Other (please specify)

- I used to live in Rideau Lakes and rent an office full time. Now I commute from an hour away and rent space by the hour as needed. Outdoor meetings. Outdoor house calls. Working with a mobile hotspot that doesn't exist without signal in Rideau Lakes.
- We are a fishing lodge with a 94% US clientele. It's been extremely difficult to survive, or adapt in this climate.
- Americans are 40% of our business. Two summers without their revenue is a big hit for a seasonal business. We are essentially doing less than we had planned in terms of enhancements and renovations.
- Main problem was loss of major client when CEO died. Still trying to acquire new clients, but haven't come close to replacing prior income.
- May try more online sales.

#7 Have you accessed any government support programs?

Not applicable to my business	5.00%	1
Other (please specify)	25.00%	5
Total Respondents: 20		

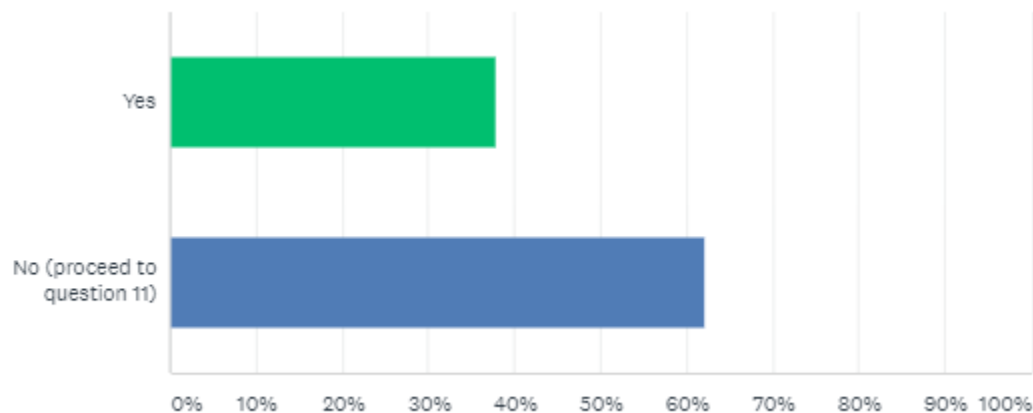

Other (please specify)

- Last year's grant to move to an e-commerce format.
- Because we are seasonal, we do not qualify for much of the support/funding available. We have also received a COVID relief loan through BDC. We have applied for the tourism adaptation fund and are waiting to hear if the grant is accepted.
- CERB and CRB (easier to seek help as an employee of my own corporation than as a business per se).
- Funding specific to the Ag Sector.
- Digital Main Street.

#9 Have you had any problems accessing government support?

Answered: 29

Skipped: 2

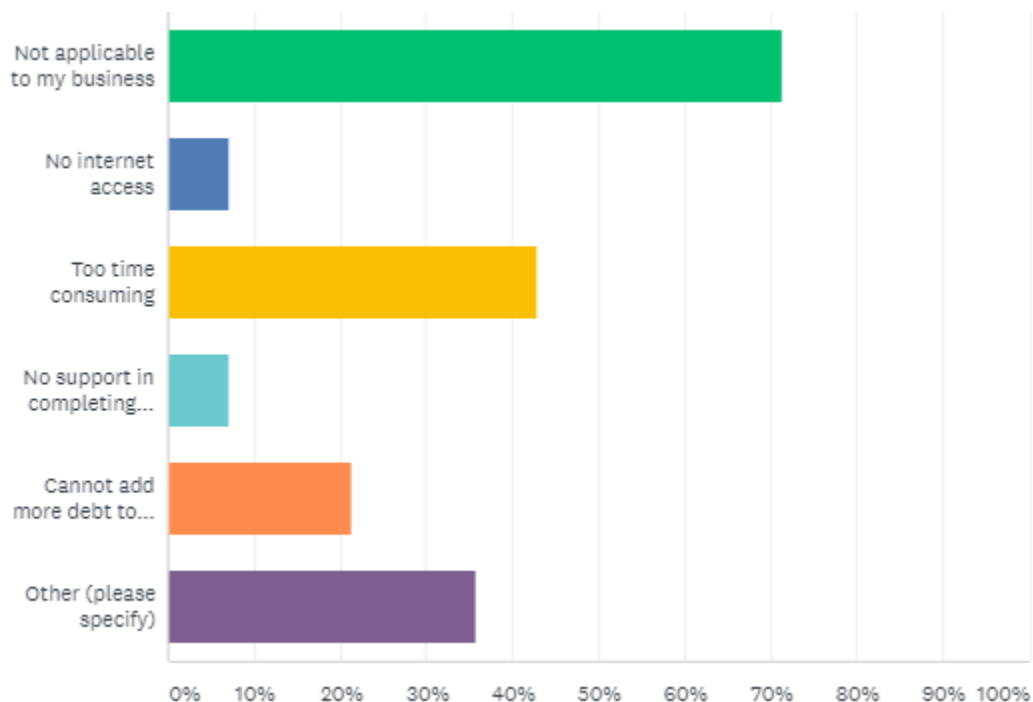

ANSWER CHOICES	RESPONSES	
Yes	37.93%	11
No (proceed to question 11)	62.07%	18
TOTAL		29

#10 What type of problems have you had accessing government support? (Choose all that apply.)

Answered: 14

Skipped: 17

#10 continued...

ANSWER CHOICES	RESPONSES	
Not applicable to my business	71.43%	10
No internet access	7.14%	1
Too time consuming	42.86%	6
No support in completing application	7.14%	1
Cannot add more debt to business	21.43%	3
Other (please specify)	35.71%	5
Total Respondents: 14		

- Tried to apply for the \$20,000 CEBA expansion, but was denied.
- Can't add more debt; landlord didn't apply for rent relief.
- Biggest issue is the internet - living on a rural road and having been told that you will not get fibre down your road is unacceptable. The federal government's help of expansion into the rural areas with fibre seems to be going directly into the villages and hamlets. Real rural internet has to be addressed.
- Essentially we did not qualify for most since we were a 'new' business.
- They helped me set up a storefront website but I am so busy that I really do not have the time to take advantage of the tons of information that they have sent me.

#11 What type of support are you looking for from government right now? (Please specify.)

Answered: 21 Skipped: 10

- None. (4)
- End the lockdown. (3)
- Grants. (2)
- Grants for tourism sector.
- Better, more consistent, affordable, rural internet.
- Funding for new product development related to media.
- Review of insurance rates for the tourism and hospitality sector.
- Re-submission of the CEBA expansion \$20,000.
- We saw growth in 2020 but I feel that we will see tougher times due to delays, unavailability and price of goods/services this year coupled with the overspending and amount of debt the country is going to be that the government should be looking ahead to prepare for this inevitable downturn as it will affect the businesses that contribute the larger part to the economy in respect to jobs and taxes.
- Less red tape and better response and support at all levels of Government.
- Just CRB to get me over this rough patch. I have skills that people need, I've just been working in one area so long (20 years) that it's hard to get my name back out there.
- Support for upgrades for social distancing; tax relief.

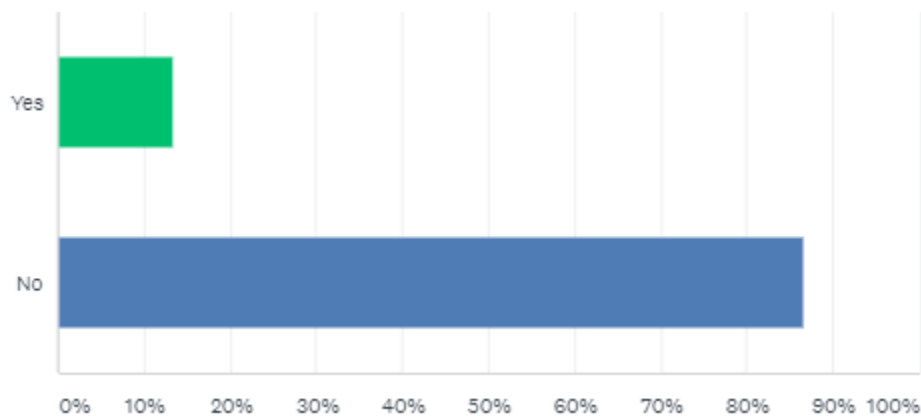

#11 continued...

- We will be reaching out for CEBA.
- Promotion for local/domestic products and producers.
- Keep the border open to commercial traffic only, help clients adapt to buying local and selling global. Government should be helping simplify import and export, not implementing new initiatives that will bury most small businesses; I am speaking about the new Customs initiatives due to be implemented in May of next year.
- Assistance getting businesses (our suppliers) reopened.
