Notice: Construction Update

November 20, 2026

The Township of Ramara and Tatham Engineering would like to provide the following update to residents and business owners regarding the Wastewater Treatment Facility 202 project.

Project Update – Work Summary

The following work is taking place or has taken place since the last communication issued on October 1, 2026:

- 6 north effluent beds completed.
- DHL is continuing to install pipe and stone on the 6 south beds.
- Forcemain installation from the lift station to the first 6 cells.
- Lift station concrete floor has been poured.
- Procurement of construction materials is ongoing.
- Erosion and sediment control conditions continue to be monitored.

The following work is expected to take place over the next several weeks:

- Construction of the new lift station will continue.
- Sand and stone haulage into the tile beds will continue.
- Delivery and installation of distribution boxes for the first 6 cells.
- Forcemain pipework will continue installed and tested.
- Site preparation for the installation of cofferdams that will allow safe in-lagoon works.

Project Schedule

Duivenvoorden Haulage Ltd. continues to deliver construction materials to the site in support of disposal bed construction. Completion and commissioning of the initial six disposal cells is anticipated by mid-December, subject to weather conditions, material deliveries, and construction progress.

Truck traffic associated with material deliveries is expected to continue on local roads, including Concession Road 7, Barnstable Drive, and Muley Point Road. To minimize impacts on school traffic and ensure student safety, truck movements on school days will occur before 8:30 a.m. and after 4:15 p.m.

Please note this schedule is subject to change based on several factors including inclement weather, unforeseen conditions, additional work required, the contractor's ability, etc. Tatham Engineering and the Township of Ramara will endeavor to keep residents aware of major schedule changes, should they arise.

Information and updates will be posted on the project page on the Township's website at www.ramara.ca/project202 and on the Township's social media channels approximately once a month or as project milestones are met.

Project Contacts

If you have any questions regarding the construction, please call Tatham Engineering during the hours of 8:30 am to 5 pm, Monday to Friday. If you have any questions or concerns of a general nature, please contact the Township of Ramara.
