Utility Installation/Street Occupation Permit

All construction projects that will occupy or block access to municipal lands are required to apply for and receive an approved Utility Installation and Street Occupation Permit at least 5 working days prior to starting any construction. The exception to this is an emergency dig up (i.e., water main break).

For any work to take place within a municipal right-of-way (i.e., roadway, lane, etc.), the Developer and/or the Franchise Utilities Companies, the Contractors, and RMWB Project Managers must apply and obtain Utility Installation and Street Occupation Permit (per bylaw 02/079) at least 5 working days minimum for partial and full road closures prior to the commencement of work.

STEP 1

SUBMIT AN APPLICATION

- Apply online on the RMWB website through E-permitting portal
 - Create an account or sign in at <https://acaprod.rmwb.ca/citizenaccessprod/Default.aspx>
- Apply in person at 9909 Franklin Avenue, Fort McMurray, AB T9H 2K4.
 - You can contact by phone at 780-743-7000 or by email at permit.inquiries@rmwb.ca
 - After hours: contact the Pulse at 780-743-7000 or toll-free at 1-800-973-9663
 - Conversely download permit application forms under Engineering and Infrastructure Development at <https://www.rmwb.ca/en/permits-and-development/applications-licences-and-permits.aspx>
- Fill out all the applicable information and payment is due and payable at the time of application
 - Attach all required documentation
 - Have a map showing the location of work, approved project drawings, specifications and if requires a Traffic Accommodation Plan following the RMWB's Procedure Manual for Installation of Utilities, Traffic Control & Utilities Manual or designed by a trained individual.

STEP 2

REVIEW

- The Utility Installation & Street Occupation permit is reviewed internally within 5 working days.
- All information and attachments provided by the applicant will be carefully reviewed for compliance.
- The applicant will be contacted if additional information is required.

STEP 3

DECISION

- **APPROVED**
 - The applicant will receive an auto generated email, confirming permit has been approved. To access the permit, login to download the permit.
- **NOT APPROVED**
 - The applicant will receive an auto generated email or phone call with recommendations/comments.
 - If the applicant addresses recommendations/comments, so back to review stage.

STEP 4

CARRY OUT WORK

- Applicant is approved to carry out work as per the endorsed permit.
- When works is complete, an engineering technician may conduct a site inspection during or when work is done for compliance.

STEP 5

PERMIT EXTENSION (OPTIONAL)

- Permit extension can be requested by email to Engineering.Requests@rmwb.ca
- Sign in, upload supporting documents and contact us by email to schedule proposed extension date
