Occupancy Permit Application

Occupancy permits can be used in three circumstances. Please check one:

- ☐ 1. Prior to work commencing - an inspection to inform the applicant of the things that need to be completed to pass code. It gives the applicant an understanding upfront before work begins. When an Occupancy permit is purchased before work commences, the same permit can be used when work is completed to occupy the space.
- ☐ 2. After completion of a project – a final inspection to conclude the project, confirming all trades and the building permits are closed compliant.
- ☐ 3. For change of use or change of ownership of a previously occupied premise.
