Meet July's Cheers for Peers winner

Congratulations to **Julie Dolmont**, coordinator, Community Services

Here's what **Roxanne Andras**, coordinator, Community Services, had to say about Julie.

Julie is a wonderful pod mate who consistently starts the day on a positive note with a friendly good morning.

She always puts others first, is thoughtful and supportive, and is genuinely a pleasure to see each morning. Her kindness and positivity make our pod a better place to be.

How does Cheers for Peers work?

Cheers for Peers allows staff to recognize colleagues for their contributions, team spirit, and kind acts. Each nomination is shared directly with the recipient, and nominated staff can then choose to be entered into a monthly draw for some great prize items.

Thanks you to everyone who has already participated – and keep the nominations coming!

Water Treatment team celebrates Paul Curtis

1 - There are lots of crib games in Paul's future!

After **45 incredible years** of service to the municipality, **Paul Curtis** has decided to retire.

A beloved water treatment plant supervisor and skilled crib player, he brought laughs and knowledge to the workplace every day.

And after 45 years, that's over **10,000 days** if anyone is counting!

Paul has no big retirement plans yet but hopes to spend more time volunteering in the community...and won't be caught saying "no" to a crib or bingo game.

Let's all wish Paul a happy retirement!

Shoutout to the" face" behind the Insider!

The Insider staff newsletter, arrives in our inboxes at 10 a.m. every Monday like clockwork, full of important updates, fun initiatives and staff spotlights. That's not magic. That's the heroic effort and dedication from one staff member that doesn't want any recognition but deserves a lighthouse sized spotlight for everything she does to keep us all connected.

Meet the face behind the Insider: **Caileigh Rhind!**

We thought we could have a little fun while Caileigh is away on vacation to thank her for everything she does! She loves connecting with staff across the organization so we're going to keep this up while she's out of town!

2 - She is a woman of many hats, and isn't afraid to get her hands dirty at a construction site.

3 - Even though she's out of the office, Caileigh decided to crash a meeting with Community Services and her own team in Strategic Communications.

4 - Caileigh took the opportunity to inform CAO Boutilier about her passion for internal communications!
