Policy

All applications to the **St. Catharines Cultural Investment Program (SCCIP)** that are received by the City will be reviewed following the procedures and specifications outlined within this policy. This formal process for reviewing and allocating designated funds provides for an efficient, consistent and equitable determination of recipients.

Purpose

Stable municipal cultural investment in the arts stimulates growth, innovation and cultural vitality. It ensures a wide range of cultural experiences, activities, events, facilities, programs and services that serve all of St. Catharines' citizens regardless of age, ethnicity or income. The St. Catharines Cultural Investment Policy is designed to strengthen local arts creation, cultural distribution and engagement in order to improve the spirit and quality of life for its residents.

The St. Catharines Cultural Investment Policy aims to serve long term community sustainability by strengthening cultural vitality, economic diversity, environmental awareness and social inclusion with the following investment priorities:

- cultivate the growth and development of a dynamic and robust creative sector;
- support original, made-in-Niagara arts creation;
- foster a range of cultural experiences for all of St. Catharines residents, including educational, participatory and audience-based programs;
- stimulate innovation and creative enterprise;
- celebrate and encourage cultural, social and artistic diversity.

Scope

This policy applies to all applications submitted to the St. Catharines Cultural Investment Program.

Program Streams

The program designed to facilitate this policy is the St. Catharines Cultural Investment Program (SCCIP). Within SCCIP are three program streams and seven grant programs. These serve distinct segments of the creative sector and thus strengthen the overall cultural ecosystem within St. Catharines. The program streams and grant types are:

Sustaining Funding

Operating grants for core and mid-sized arts organizations, and festival producers.

Development Funding

Grants for mid-sized, small and emerging arts organizations, festival producers, artist ad-hoc groups, non-profit organizations leading culture-related projects, and individuals creating new work or leading community-engaged arts activities.

Facility Access Funding

A grant to support costs associated with producing or presenting events at the FirstOntario Performing Arts Centre.

Each program stream has different eligibility and evaluation criteria.

Sustaining Funding

Sustaining funding has three grant programs, designed for established organizations that are Core and Midsized as well as Festival producers. Applicants are eligible for multi-year funding for a maximum of three years, at which time a renewal of funding will be considered.

Core Program

Intended for St. Catharines-based, established professional non-profit arts organizations with a mission to develop, create, produce, present and disseminate artistic work in any artistic discipline.

The program is for organizations that have a clear and relevant mission guided by long-term goals and strategies. They have been incorporated for at least five years and have well-established programs and services, developed and delivered with consistency. They are artistically strong with proven impact in the community. There is full-time paid professional leadership (artistic and/or administrative), well-developed administrative structures, stable financial resources and planning, and an active Board of Directors with a clear governance role.

Recipients are ineligible for any other SCCIP program stream, with the exception of the Facility Access Program. Capital requirements or festival activities may be considered for additional investment through this program.

Midsized Program
