Reduce, Reuse and Recycle Holiday Waste

When preparing for the holidays by purchasing or bringing new items into your home, think of how you will dispose of it in the end. Oftentimes there are options that are better choices to reduce waste. Learn more tips at **CurbitStJohns.ca**.

Use Real Trees

Artificial trees are not recyclable and eventually end up in the landfill, while real trees are completely compostable. Real trees are usually grown closer to home and use less resources to produce than artificial ones.

Make Memories, Not Waste

Give the gift of an experience: buy your loved ones tickets to a show, the movies, a museum, an activity centre or game. You can also gift homemade items – knit a scarf or pair of mittens, make preserves, bake cookies or treats and package them in a reusable container.

Green Your Party

When hosting others use reusable plates, cups and cutlery and if purchasing food, snacks and drinks choose ones that are in recyclable packaging. If you're not sure if something is recyclable our Waste Wizard will know at **CurbitStJohns.ca**.

Christmas Tree Drop Off

Give your real tree new life. We mulch Christmas trees and use them for landscaping projects in City open spaces. Only natural, undecorated trees are acceptable – artificial trees, decorations, tinsel or other manufactured objects are not accepted and please do not bundle or tie the tree.

Quidi Vidi Lake Parking Lot
Large gravel lot off The Boulevard
Saturday, December 26, 2026 to Sunday, January 10, 2027 (excluding December 31 and January 1)

Residential Drop Off
340 East White Hills Road
Open Tuesdays to Saturdays, 8 a.m. to 4 p.m. (excluding statutory holidays)

Snow Clearing Service Priority

Many factors impact snow clearing operations. Drifting snow, rain, or a sudden temperature drop could delay our snow clearing timelines. While the City uses its best efforts to clear snow on time, our harsh climate can impact snow clearing.

Street Ice Control

One application of ice control will be completed on streets within three hours of ice conditions.

Street Plowing

- For snowfalls of up to 25 centimeters, streets will be cleared within 24 hours following the storm.
- For snowfalls exceeding 25 centimeters, blizzard conditions, or rapidly changing weather, additional time may be required for clearing.
- Timelines may be extended if there is additional snowfall or icing during this period. Crews will work until all streets and designated sidewalks are cleared.

Street Snow Clearing Priority

Streets are salted and plowed on a priority basis.

Priority 1 = major and minor arterials

Priority 2 = collector streets

Priority 3 = minor streets and cul-de-sacs

Priority 4 = private lanes maintained by the City

Visit **StJohns.ca/ServicePriority** to look up the priority of your street.

Visit our Weather Hub at **StJohns.ca/WeatherHub** which is updated regularly before, during, and after adverse weather.

Sidewalk Snow Clearing

Depending on the amount of snow on the ground, most sidewalks in the sidewalk program will be plowed within five days after a storm ends. This may take longer if another storm happens during that time.

View the sidewalk map at: **Map.StJohns.ca/Sidewalk.**

Sidewalk Priority

The City clears and salts sidewalks on at least one side of many arterial and collector streets. School zones are the top priority and are cleared first.

Priority 1A = school zones

Priority 1 = first side of arterial roads and downtown business district (main pedestrian corridors)

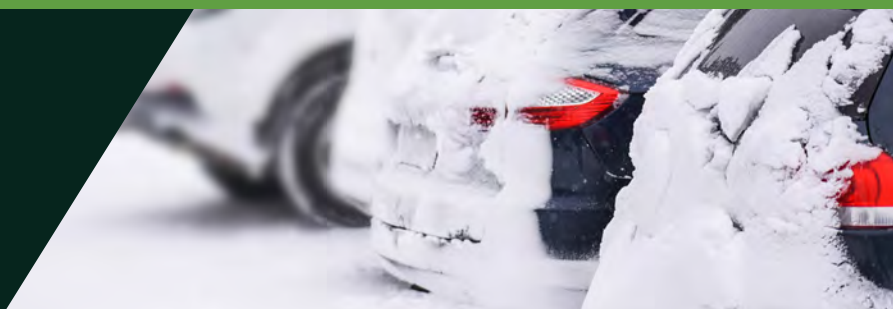

Priority 2 = second side of multi-lane arterial roads and downtown business district, and first side of collectors

Priority 3 = second side of remaining arterial roads (with both sides serviced)

Priority 4 = second side of collector streets (with both sides serviced) and any remaining sections of the sidewalk program

Winter Parking

To safely and effectively clear snow from streets, the City of St. John's prohibits parking on streets by area, time of day, and/or dependent on operational requirements through the following bans.

Any vehicle that violates the winter bans regardless of the conditions, or impedes snow clearing/removal operations, may be ticketed and/or towed.

Overnight Parking Bans

Overnight parking bans for 2027 are in place from **January 4 to April 10, 2027.**

The Deputy City Manager of Public Works has the authority to modify the parking ban dates if deemed necessary. All bans will remain in place regardless of street or snow conditions. A vehicle may be ticketed and/or towed if they are parked in violation of the parking ban.

Overnight parking bans are in the following areas:

Downtown Business District

A parking ban is in place between 4 and 6 a.m. on the following streets:

- Water Street, from Waldegrave Street to Prescott Street
- Duckworth Street, from New Gower Street to Cochrane Street

Outside the Downtown

A parking ban is in place between 12:30 and 7:30 a.m. on streets outside the designated downtown area.

Weather-Related Parking Ban

A parking ban may be implemented on streets outside the downtown area during or following adverse weather events. The purpose of the ban is to keep streets free of parked vehicles so that crews can quickly and safely clear snow or debris.

Once declared, the ban will be in place 24 hours a day until it is lifted. Once lifted, the overnight winter parking ban is still in place.

Details of the ban will be shared through the news section of the website and on the City's social media accounts. Residents can also subscribe to receive updates stating when the parking ban will come into effect, and when it will be lifted, at **StJohns.ca/Subscribe**.

No Parking Routes

From **December 1 to March 31**, parking is prohibited 24 hours a day, regardless of snow/street conditions, on several streets throughout the city so that ice control and snow clearing equipment can safely provide service and navigate narrow city streets. All impacted streets have signage in place. Enforcement is continuous for 24 hours a day regardless of snow or street conditions.

For more detailed information, visit **StJohns.ca/WinterParking** or scan the QR code.

Downtown Snow Removal

Throughout the winter, parking will be banned from 11 p.m. to 6 a.m. on the streets that are scheduled for snow removal. Parking on a street scheduled for snow removal may result in your vehicle being ticketed and/or towed/impounded.

We announce streets that are scheduled for overnight snow removal by 3 p.m. on the day the removal will take place.

Stay Informed

- Visit **Map.StJohns.ca/Snow** to learn about schedules.
- Subscribe to receive downtown snow removal advisories at **StJohns.ca/Subscribe**.
- Call Access St. Johns at 311 or 709-754-CITY (2489).
- Check for signs placed in snowbanks at the ends of streets.

Where to Park

When your street is scheduled for a snow removal, you must remove your vehicle(s) from that street for the night. Before parking on another street, make sure the new location is not scheduled for snow removal and is not affected by the nightly Winter Parking Ban or any other parking restrictions. Alternate parking options include:

- City Hall parking garage, 8 New Gower Street, free to the public on weekends and 5 p.m. to 8 a.m. on weekdays when there is no event at the Mary Brown's Centre.
- Privately owned parking garages at 351 Water Street and 330 Duckworth Street (parking by fee).

If Your Vehicle is Towed

Impound Fees and Payments

Towing charge:	$200
Administration charge:	$50
Impounding fee:	$25 per day

Vehicles are released to the registered owner/renter when all charges are paid. If proof of registration and insurance is not provided, the vehicle can only be towed, not driven, from the impound lot.

Payment Options:

- In person at City Hall 8 a.m. to 4 p.m., Monday to Friday by cash, credit or debit card
- By calling 311 or 709-754-CITY (2489) 7 a.m. to 11 p.m. (credit card only)

Impounded vehicles can be picked up, after payment is made, by the registered owner/renter from 8 a.m. to midnight, seven days a week at 25 Blackler Avenue. Proof of ownership required, such as:

- Driver's license or other government identification with the same name and civic address as the vehicle registration.
- For rental vehicles, the name and address on government identification must match the name and address of the rental agreement.

For more details, visit **StJohns.ca/DTSnowRemoval** or scan the QR code.

Winter Activity Centre

The Winter Activity Centre at North Bank Lodge in Pippy Park is scheduled to open on January 8, 2027. Days of operation are weather dependent and based on snow cover.

For updates and information about the Winter Activity Centre, please call the snowline at 709-737-3651.

Ski Trails

Trails are open seven days a week and lit for evening use. If you have your own equipment, the ski trails are groomed twice daily for skate skiing, classic cross-country skiing and snowshoeing. There is also a dedicated snowshoe trail. Maps and trail info are available at the Winter Activity Centre and at **StJohns.ca**.

Cross Country Ski and Snowshoe Rentals

There is equipment available to rent for all ages including classic cross-country skis, boots, snowshoes and poles. Payment is accepted by debit or credit only.
