LE-017SPSB Traffic Management, Enforcement and Road Safety

Pursuant to *Ontario Regulation Section 392/23 - Adequate and Effective Policing (General)* it is the policy of the Stratford Police Service Board with respect to traffic management, traffic law enforcement and road safety that:

- a) When determined by the Chief of Police, technical collision investigation, reconstruction and breath analysis investigative supports will be provided by the members of the Stratford Police Service. Reference section 16 of *Ontario Regulation 395/23 – Investigations*;
- b) The Chief of Police will:
 - I. Develop and implement a traffic management, traffic law enforcement and road safety plan;
 - II. Establish and maintain written procedures on traffic management, traffic law enforcement, traffic patrol and road safety, including procedures to address road closures and minimizing the interference of traffic;
 - III. Establish and maintain written traffic direction and enforcement, including traffic patrol;
 - IV. Ensure that persons who provide technical collision investigation, reconstruction and breath analysis investigative supports have the competence and experience to provide that support; and
 - V. Ensure that protocols are in place, with the OPP through the Framework Agreement, to provide technical assistance when Stratford Police Service encounter serious motor vehicle collisions requiring higher levels of collision investigative expertise.
