Resident at Bond Head Development

Dear Resident:

Re:	**Notice for Top Asphalt** **Bond Head Development** **DG Group, Bond Head**

SCS Consulting Group Ltd. (SCS) wishes to advise you that Hearn St, Wraggs Rd, Rowe St, Cunningham Dr, Plank Rd, and Settlers Cres will be paved, weather permitting, starting on November 10, 2026. It is estimated that it will take 2 days to complete. Street cleaning will commence on November 9, 2026.

Resident Parking

Residents are asked to keep their vehicles off the road during the paving operation. Vehicles left on the road will be towed. If residents require their vehicle during the paving operation, please arrange for an alternative parking location. Traffic and pedestrian interruptions and delays will be necessary in order to complete the work effectively and in a safe manner.

Vehicles may be returned to the driveways at the end of the day, **after** the paving is completed on your street.

Note: A 'tack' coat is sprayed on the base asphalt prior to placing the top asphalt. If possible, please avoid driving on this surface as it may mark your vehicle and stain your driveway (especially interlocking driveways).

When parking on streets please be aware of the following:

- Vehicles are not allowed to park within 9 metres of an intersection;
- Vehicles are not allowed to park within 3 metres of a fire hydrant;
- Parked vehicles cannot interfere with or block driveways or traffic;

- Vehicles to be parked within 150 mm (6 inches) of the curb with wheels turned in towards the curb.

We thank you for your understanding and we appreciate your cooperation. Please direct any construction related concerns to the undersigned at (905) 475-1900.

Sincerely,

SCS Consulting Group Ltd.

David Oliveira, C.E.T.
